

Contacting Best Doctors

Member Guide to Initiating a Case

By identifying and partnering with the very best physicians across an ever-increasing number of specialties and subspecialties, Best Doctors is able to navigate through the complex and often restrictive health care system to get our members' cases and questions reviewed by carefully selected expert physicians who specialize in their conditions—helping you get the right diagnosis, the right treatment and the peace of mind you deserve.

Why do members seek an expert second opinion?

Most common conditions members call for:

- Cardiovascular
- Rheumatology (Arthritis)
- Cancer
- Neurology
- Orthopedics
- Digestive System
- Nervous System

3 ways to initiate a case with Best Doctors:

1. Go online to bestdoctors.com/members. Fill in your personal information, the best time to contact you and information regarding your inquiry. Best Doctors will call you during the time you indicated was best for you.

2. Go online to members.bestdoctors.com. Sign in or register if you do not yet have an account. Click on Clinical Services, complete the online intake, and Best Doctors will give you a call.

3. Call **866-904-0910** to speak to one of our Member Experience Coordinators. You will then be asked a series of questions to start your case.
